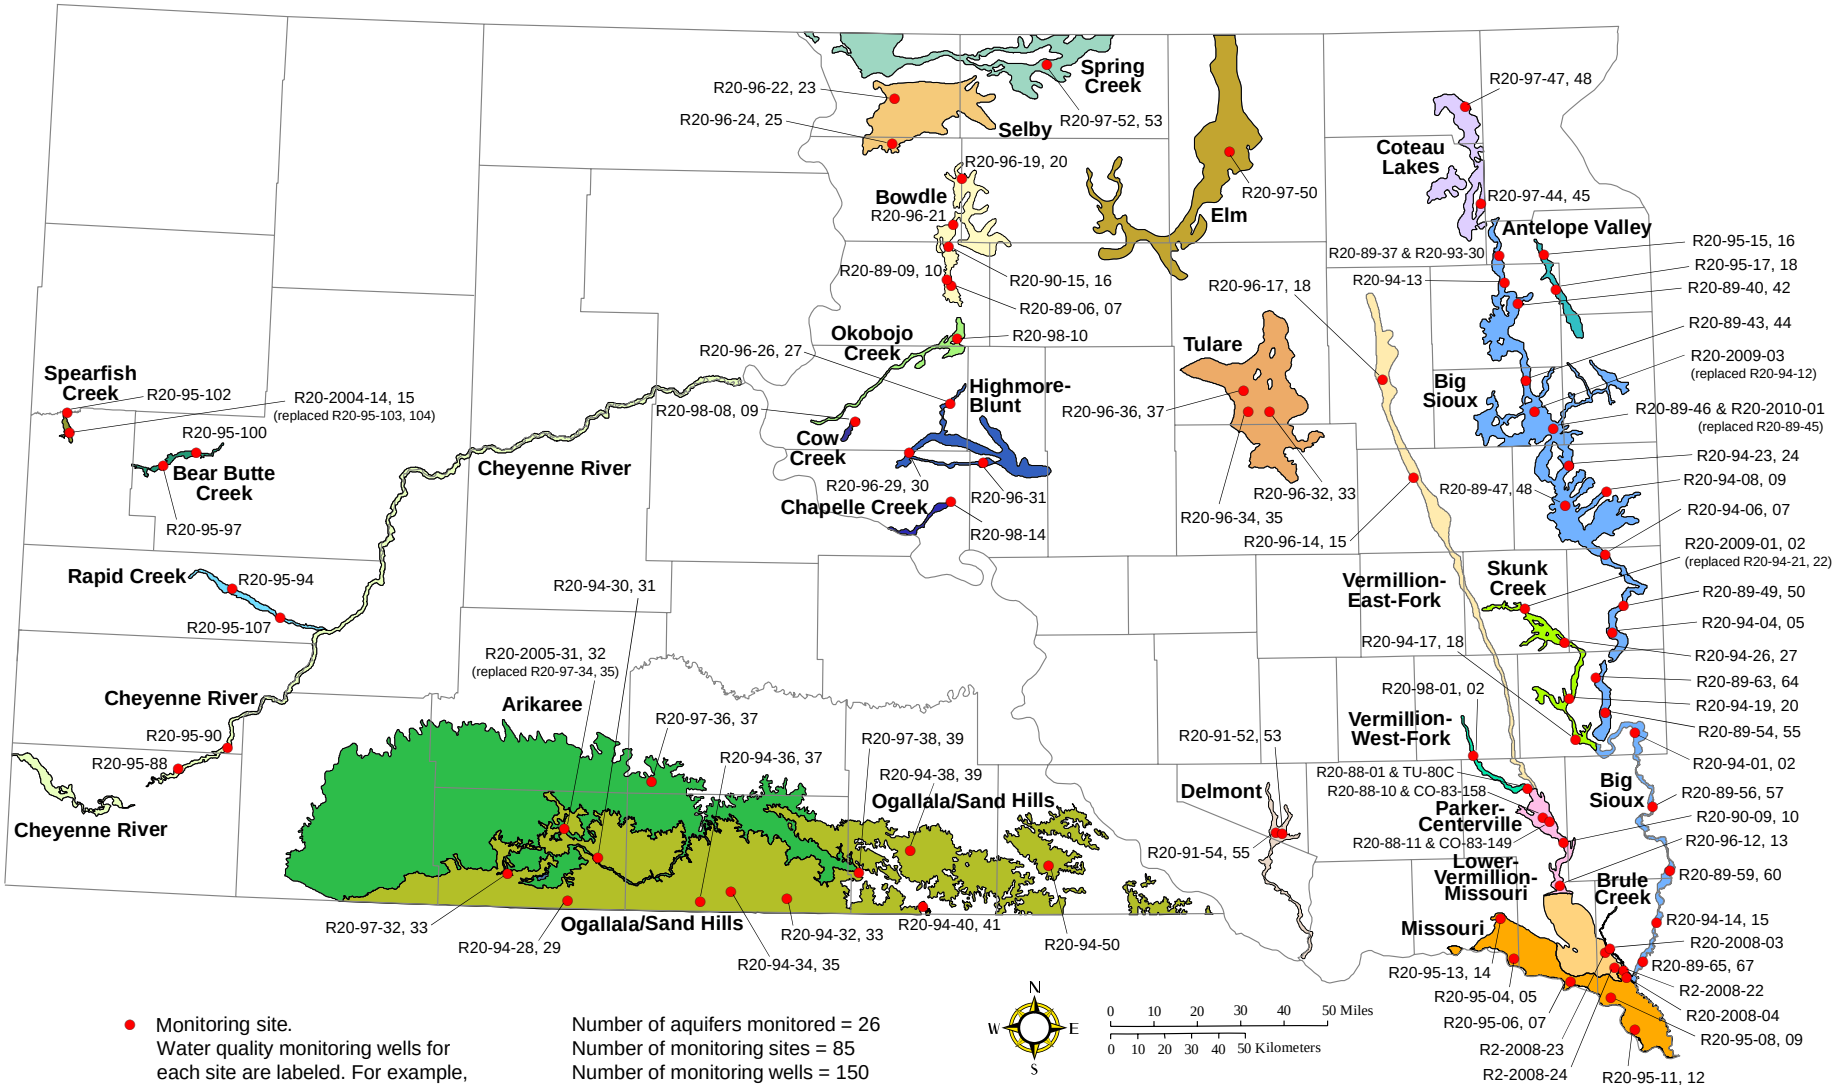
Aquifers and Monitoring Sites in the Statewide Ground Water Quality Monitoring Network



● Monitoring site.
Water quality monitoring wells for each site are labeled. For example, a label of "R20-94-28, 29" indicates that wells R20-94-28 and R20-94-29 exist at that site.

Number of aquifers monitored = 26
Number of monitoring sites = 85
Number of monitoring wells = 150
